21-09-HFP-01

Attachment 2 – Technical Specifications

In accordance with 21-09-HFP-01, the Contractor shall provide all labor, materials, transportation and expertise in order to deliver Crushed Aggregate and Riprap to the satisfaction of the County. The Contractors shall meet the following Technical Specifications:

1.0 Standards and Specifications

- Maricopa Association of Governments Uniform Standard Specifications and Details for Public Works Construction, most recent edition. Specifically, Sections 701 & 702 for crushed aggregate and Section 703 for Riprap and other amendments thereto.
- Cochise County Highway and Floodplain Road Design and Construction Standards & Specifications for Public Improvements, most recent edition and as amended.

2.0 Compliance

In order for consideration to be given to the bid submittal on an item under these specifications, the bidder must comply with the following conditions:

- The Contractor shall maintain a stockpile of both materials within Cochise County.
Remove
- Upon a request from the County, the Contractor shall provide testing lab certification for the material to be supplied.
- The County reserves the right to have its own representative enter the Contractor's property and draw a product sample from the Contractor's stockpile for testing purposes.
- The Contractor shall use and maintain accurate scales at the loading point and shall weigh all trucks gross and tare to establish the accurate weight of the material.

The following sizes may be required:

- 1 ¼",
- 4"
- 3"-6",
- 4"-8",
- 4"-12",
- 8"-16",
- 8"-24"
