Board of Supervisors

1. Discussion and Possible Direction regarding the new Cochise County website design.

Mr. Casey presented this item by navigating through the new website. He stated that the new website was included in Priority 5 of the Strategic Plan. Staff approached the new website with a focus on services to the public, rather than on departments. In response to the Board, Mr. Casey stated that Ms. Renteria will coordinate with each department to keep the website updated; Ms. Rochin will be working in conjunction with Ms. Renteria.

Mr. Casey navigated through the website, reviewing various features and webpages, including the alert bar, search option, navigation buttons, and photographs. The Court Services page is a separate website within the main County website. A website feedback survey is located on the homepage, for individuals to report difficulties with the website to staff. News and Announcements and the main Calendar will be updated by Ms. Rochin. The intranet for employees will be housed on the main website.

Mr. Casey responded to various questions from the Board throughout the presentation, providing information on Information Technology's involvement with redistricting and displaying various pages in response to the Board.

Barring technical issues during go-live, the new website will launch on June 9, 2021.
Ms. Rochin will issue a press release regarding the new website.

The Board and Ms. Gilman commended staff for their efforts.

Chairman English adjourned the meeting at 11:28 a.m.
