

9/4/19

Lorraine,

We would like to submit for a variance to pour the foundation for the Prep School at 3429 Journey Pkwy. We would like a variance in order to pour at 4am for dates between Sept 20th-Oct 20th.

As we did with our project on Lakeline Blvd, we will make every effort to limit noise, especially during the hours of 4am to 8am. In addition, we will attempt to position lights away from the neighboring residential subdivision. When the date of the foundation pour is actually on schedule, we will provide a 48-hour notice to the residential neighborhood adjacent to our property.

Please feel free to call if you have any questions.

Thanks again,
Stephen Jackson
