We get the greatest satisfaction from our grant awards in knowing that our partnership with organizations like yours truly does improve the quality of life in the Coastal Bend. We are constantly working to create awareness of the needs in our area and to increase donor interest to help address them. We will be asking our grantees to partner with us in the coming year to promote the benefits of philanthropy in our community. There will be more details on our publicity requirements.

Thank you for considering the Coastal Bend Community Foundation in your list of potential funders. We are excited that we can provide this grant support and look forward to learning more about your plans and programs. We wish you every success in carrying them out.
