Re: County Court at Law #5 Interim Judge Appointment

Dear Judge Neal,

I would like to submit my name for consideration for the Judge Position of the County Court at Law #5. I currently sit as the Associate Judge in that court. I believe that the children that come through Court #5 and the citizens of this community need continuity and stability in this court. I have been protecting the interests of children for over 20 years, 12 of those years in a Judicial Capacity. There is no learning curve, I will continue to do the job I have been doing if appointed to this position.

I have submitted an updated application and resume to the Human Resources Department for your consideration. I hope that this commissioner's court is able to put the needs of the children above anything else when making this selection. Thank You.

Sincerely,

Judge Martha Huerta Quintanilla
