**Nueces County Judge**

County Judge Honorable Loyd Neal  
901 Leopard Street,  
Room 303  
Corpus Christi, TX 78401  
Phone: 361-888-0444

Dear Honorable Judge Loyd Neal:

On behalf of the Seafood Industry of South Texas and concerned Citizens of Texas Gulf Coast I am writing to ask you for your support on adopting a TPWD Resolution. Yesterday, Galveston County passed a TPWD Resolution adopted on November 10, 2014 by a unanimous decision. This is a very important critical matter not only for TPWD but for the Texas Seafood Industry as a whole. We have joined together in supporting TPWD and TGLO in this long battle against the private entity S.T.O.R.M.LLC whom also are the same principals as Jeri's Seafood.

This is a positive and strong message to S.T.O.R.M.LLC that the citizens of Texas do not want the State water bottoms privatized. As citizens we strongly feel no company should have that much control and power over a natural resource. The current laws are written clearly under Texas State statues that natural resources belong to ALL people and should be available to share for many generations to come and by being under the protection of TPWD and TGLO your rights are reserved as written in the Texas constitution.

Judge Loyd Neal we are requesting for your support by adopting the same TPWD Resolution of Galveston in the Nueces County. We have enclosed a copy of the certified resolution along with supporting documents as to why this is so important in helping get support for the TPWD and TGLO.

November 11, 2014

Please Sir by supporting us will be one more step in the right direction. This will give relief to all the local seafood owners of Nueces County and all the Commercial, Recreational fisheries. By joining the Galveston County this just shows that as citizens of the beautiful State of Texas that we can support and fight to keep our State water bottoms public, no one wants privatization of any natural resources it could be sold to China the next day.

This request by the Seafood Industry and other concerned citizens will be requested to all the coastal county judges so please support us. This is an extremely important matter and we truly cannot express our appreciation for giving us the opportunity in being able to show how much our support is needed, our livelihoods are at stake and every effort made is just made on all of our behalf, and will be very helpful for the TPWD AND TGLO when they fight this long battle with S.T.O.R.M.LLC.

Thank you for your support.

Sincerely,

Lisa Halili
