We are please to present our quote below for the installation of the irrigation system for the Lyondell Park Soccer Fields.

Below is the scope of work you provided with some additional clarifications and items we added to design:

1. Base Irrigation system for Field 1 (180 ft x 300 ft)
  - 80 rotary heads +/-
  - 13 Zones +/-
2. Base Irrigation system for Field 2 (240 ft X 360 ft)
  - 130 rotary heads +/-
  - 13 Zones +/-
3. All rotary heads will have 3/4 inch Swing Joints to minimize maintenance
4. Each Field will have its own 2 inch irrigation main with manual isolation valve
5. We would run wiring to controller location to be located by the electrical breakers by baseball fields per your scope
6. Install Outdoor Weathermatic controller compatible with air card
7. We would also install and tie in a booster pump Pentair 2X2-1/2x6 (B2TPM)
8. We would install a pump start relay to control pump
9. Install Pressure Relief System
10. Install Pressure Regulator
11. We would install an irrigation main bypass around the pump to enable operation of system when pump is down.

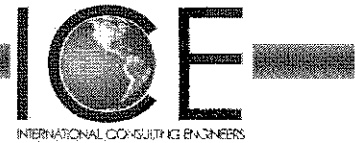

Cost = \$46,000.00
