*FY 13/14
Outside Agency
Report
Commissioner Pct 1*

Dear Mr Pusley

Nueces County Outside Agency Funding

Further to your recent request regarding information on how we utilized the \$1,000 grant you provided to us during FY 13/14 and enquiring as to whether we wish to apply again for FY 14/15 I can reply as follows:

1. We spend approx. \$3,000 annually on the production of our ArtWalk map. This map, as well as being functional for our purposes, is well received by the entire community and is regularly handed out to tourists and other visitors as well as ArtWalkers. Therefore it is our belief that the grant monies which you so generously provided for our use have been well spent in a way which benefits City, County, and out of town users.
2. If you are able to provide this grant funding to us again in FY 14/15 then we propose to apply it in the same way thus continuing a much appreciated service to the community.

If you have any questions please do not hesitate to contact this office at any time.

Regards

Alan S Albin
Finance and Operations Manager
