ATTN: Behavioral Health Center of Nueces County  
Board of Trustees  
901 Leopard, Room 303

Dear Judge Neal,

I am currently a member of the Board of Trustees and would love the opportunity to continue serving. I was appointed on October 23, 2013, filling an unfinished term vacated by someone else and was appointed in 2014.

I want you to know I learned so much about the organization by serving on the board. I am anxious to continue to learn more and to better serve the organization and the Board. As I mentioned last time I applied, the meeting time fits perfect with my schedule and I have full support of my supervisor when the need arises to meet at a different time.

I still work with students with disabilities at Texas A&M University-Corpus Christi. I do know that some of the clients the Center serves also attend our university. At the risk of repeating myself, I have also had a positive experience (albeit, years ago) with the services the center offers. I had a son who was in the Infant Stimulation Program in the early 1980's. I also know some people personally who the organization has served and how it has made a tremendous impact on their lives. It is always a great pleasure to assist our students (and others in need) with information regarding the array services our great community has to offer.

For the reasons cited above and more, I continue to be passionately interested with continuing to serve on the Board of Trustees. I want you to know that I am someone who feels she can do an outstanding job and is committed to the health and welfare of the organization and the community as a whole. Moreover, I continue to enjoy the staff and the current Board members who have been very welcoming and informative. I am available to give it my best to make a positive contribution to the Center.

Therefore, please accept my letter of interest in continuing to serve on the Board. I will be more than happy to send any additional information you may need from me.

Thank you very much for your time and consideration. I look forward to hearing from you soon.

Yours sincerely,

  
Rachel A. Botello-Cox
