Re: Contract for Habitat Management Plan for Kleberg Tract

Dear Mr. Cross:

This letter is to inform you that effective September 12, 2016 Naismith Engineering, Inc. was acquired by Hanson Professional Services, Inc., headquartered in Springfield, Illinois. This acquisition has combined complementary services of both firms to better serve our clients. It will also allow us to provide more of a "one-stop shop" approach to designing more complete solutions.

The cost proposal dated August 19, 2016 remains valid and the Naismith name will be utilized in combination with the Hanson name for some time to inform clients of the new relationship. However, for the purposes of the pending contract for a Habitat Management Plan for the Kleberg Tract, please prepare the contract to designate Hanson Professional Services, Inc. as the Engineer.

As requested, I am also attaching to this correspondence Attachments A through E for your use in preparing the contract. Please let me know if you need any additional information. If you have questions regarding the acquisition by Hanson Professional Services, Inc., please contact Terry Smith at 361-814-9900.

Sincerely,
Naismith/Hanson

Mary Kay Skoruppa
Project Scientist
