

ATTACHMENT B
Services to be provided by ILA

ILA's scope of work is set out in Settlement Agreement which is herein referenced and incorporated as if set out word for word herein.

The following, which is intended to be inclusive of all ILA duties as set out in Settlement Agreement in addition to ancillary services, shall be provided by the ILA in the performance of the work.

All references to Attachments set out below shall be to those Attachments to the Settlement Agreement.

1. Any certifications made under this agreement shall be made in the form herein attached as Certification.
2. Certify whether any alterations, additions, or modifications undertaken by County through June 18, 2020 is compliant with 28 C.F.R. section 35.151(c) and the Appendix to 28 C.F.R. section 35.151(c).
3. Prepare reports with photographs identifying violation that was remediated and certify with Certification herein attached.
4. Timely notify County prior to any inspections so as to allow County sufficient time to notify the United States so they may attend inspection.
5. ILA will provide plan review services for current and ongoing construction projects, and provide ADA surveys for compliance with the referenced settlement agreement on County facilities undergoing ADA modifications.
6. ILA will be a neutral inspector for purposes of issuing certifications of compliance and will be reasonably available to the County and the United States to discuss findings in the reports, photographs, and certifications.
7. ILA will provide necessary administration to perform the responsibilities of the ILA.
8. ILA will manage the project by coordinating with subcontractors on inspection dates, providing travel arrangements and facilities to be inspected.
