RE: Improvements to RTA bus stop servicing the Hector P. Garcia clinic

Dear Mr. Cruz-Aedo,

It was suggested to Nueces County representatives that the bus stop servicing the Hector P. Garcia Clinic could be improved to provide those indigents visiting the clinic, as well as other users, a sheltered bus stop. It is also anticipated that there will be an increase in usage of this bus stop as another much-used medical clinic is closing and it is likely those patients will now seek treatment at the Hector P. Garcia Clinic.

We understand that any improvement require funding which is finite. Each year pursuant to the RTA's Street Improvement Program the RTA provides funding to Nueces County to pay for eligible construction improvement projects. In order to facilitate the upgrade and improvement of the bus stop servicing the Hector P. Garcia Clinic, Nueces County does not object to re-directing up to \$21,000 of the funds that would have been allocated to the County through the RTA Street Improvement Program.

We thank you for your consideration.

Sincerely,

Samuel Loyd Neal, Jr.  
Nueces County Judge
