COUNTY BOARD OR COMMISSION INFORMATION			
<b>Explain why you are interested in serving on this Board or Commission and what experience you bring that would assist in decision making and future actions of this Board or Commission.</b>			
I believe my engineering background and skill set would enhance the current Board's skill sets and be an asset to the Port during this time of growth.			

I hereby certify that the foregoing answers are true. I further certify, should I be considered for appointment to a board, commission, advisory board or committee I will disclose in this application whether I am an employee of the governmental entity of which I seek appointment, I will disclose all appointments that may result in conflicting loyalties, and I will disclose if a family member is an employee of the governmental entity that I seek appointment. Also should I be appointed to a board, commission, advisory board or committee, and should a conflict of interest exist or develop with regard to a specific matter, I will disclose the conflict of interest upon discovery and recuse myself from the deliberations and action involved. Conflicts of interest include, but are not limited to: a direct or indirect financial interest by me or a member of my family, and other interest, which impairs my ability to participate fairly in the deliberations and actions in question. \*I hereby affirm that I meet the minimum qualifications and residency requirements for this board or commission.

### Years with Firm

18

### Biography

Mr. Leyendecker serves as president/principal of LNV and its Chairman of the Board of Directors. He has provided engineering services on a wide variety of projects for more than 24 years. Mr. Leyendecker's experience includes sewer, water, wastewater, streets and drainage systems. He has managed hundreds of projects with construction budgets totaling up to \$55 million. Mr. Leyendecker has a close working relationship with the staff at multiple state and federal regulatory agencies for water and wastewater systems, as well as master planning. He has experience in strategic planning, program management, construction management, design and accelerated project schedule delivery.

### About

LNV is a full-service consulting firm comprised of engineering, architectural and construction experts who develop technically-sound and cost-effective solutions for public sector clients. LNV is committed to customer satisfaction by providing responsive and practical solutions. The firm focuses on federal, municipal, industrial, county and state projects, and takes pride in managing project costs to meet its client's budget and scheduling needs. As a full-service organization, LNV provides surveying, architectural design, site design, civil, structural, marine, transportation and traffic engineering, as well as environmental, permitting and construction management services. In addition to its professional services, the firm provides full construction services as well as turn-key design/build services. LNV has offices in Austin, Corpus Christi, Laredo, and San Antonio.
