To the Urban Counties Policy Committee,

Last week, the Committee discussed the following Senate interim charge:

- Study the economic dynamics of the current business personal property tax. Consider the economic and fiscal effects of increased exemptions to the business personal property tax, versus its elimination. Following such study, make recommended changes to law.

The Senate Finance Committee scheduled a public hearing on this topic for Tuesday, December 3, 2019.

As requested, attached is a sample resolution regarding the business personal property tax exemption.
