Room 303
Corpus Christi, Texas 78401

November 4, 2019

Dear Honorable Judge,

Please find attached my resume for a renewed appointment to the Nueces County Emergency Services District #6 Board of Directors.

I would appreciate consideration for continuing to serve on this board. I am a very outgoing person and interact well with others. This most important and vital emergency care for our community has been a life-line for many. We have made tremendous strides to enable this service to continue and have many more challenges ahead of us, including implementing new and cutting-edge technology for the ambulance facility. I consider this coming year to be of the utmost importance in implementing the directives we have set for delivering this service. Our work and our commitment have just helped our community immeasurably and I would very much like to continue to work with this board.

We have dedicated our time and our services getting this service started and I, along with the other board members, want to make sure that this ambulance service continues to offer much needed help to all our community. I live in this community and I am very proud of the accomplishments we have made. I appreciate all who have made this a life saving reality for the ESD #6 area.

I would like to thank you in advance for considering my application.

Sincerely,

Donny McNair
