RE: Reappointment to Board of Trustees of the
Nueces Center for Mental Health and Intellectual Disabilities

* Probate

Dear Judge Canales:

* Wills

I wish to be reappointed to the Board of Trustees of the Behavioral Health Center of Nueces County (hereinafter referred to as the "Center"). I have enjoyed my current term and I think as a Board we have accomplished many goals and I wish to continue to serve on the Board. I bring to the Board the unique perspective of a parent of an adult intellectually disabled daughter who receives services at the Center and as an attorney who often represents defendants who are mentally ill and/or intellectually disabled.

* Power of Attorney

It is an honor to serve with members of the Board who are all very accomplished individuals. I have the upmost respect and admiration for the Executive Director, Mike Davis and his enthusiasm to improve the Center and to seek new ways to help our community's most vulnerable citizens, which motivates me to do my best as a Board member. I have enjoyed working and would like to continue working with him and the Board to fulfill the current and future goals and expectations for the Center to better serve persons with physical and intellectual disabilities and those who have mental health issues.

* Guardianship

* Real Estate

* Federal Cases

As the parent of an adult disabled daughter, who is employed through the Center's Ability One program at the Naval Air Station, I see first hand what the Center does to improve the lives of the intellectually disabled. My daughter and many of her coworkers would not be employed and be active productive citizens of our community if such programs did not exist. As the parent of a consumer who has received services at the Center for over 16 years, I feel I bring a unique perspective to the Board. I talk to parents of adult children who are disabled and I always encourage them to allow them to work, if possible, so they can feel good about themselves and they will be surprised how much their child can accomplish if given the opportunity.

I am active in Special Olympics for over 25 years and past board member of the Special Olympics Texas Family Committee (9 years). My daughter and I are often asked to speak to groups and individuals about Special Olympics and how

participating Special Olympics enriches lives of disabled individuals. On these occasions both my daughter and I speak of the services offered by the Center and how my daughter's and her co-workers' lives have been enhanced and improved by the opportunity to be gainfully employed and other support services offered by the Center.

Thanks to you and the Nueces County Commissioners for your time and consideration to my request for reappointment

Sincerely,

Alicia G. Cuellar
