Dear Honorable Judge Canales;

I would like to continue my service on the Nueces County Board of Coastal Parks.

I not only understand and feel very strongly about the importance of the growth, but the development and the recovery process from our past hurricanes and high tides. I would like to continue to see the observation tower project go forward at Horace Caldwell pier, replacement/construction of Bob Hall Pier, the Kleberg property, and continued improvements at IB Magee Park. All of these are so very important and vital to helping with bringing those that live in our areas and tourism to visit our parks.

My family has had a long standing relationship with the Nueces County Park Board for 34 years. My Grandfather, J.C. Barr served for 25 years and my Father, Charles W. Zahn, Jr. served for 9 years both as chairman of the board. All my life they have involved me in visiting, using, and being involved in watching the development of parks.

I am currently serving in leadership positions in the Port Aransas Chamber of Commerce and Tourism Board, Port Aransas Boatmen Association and the Port Aransas Junior Boatmen.

My husband and I run our own business here in Port Aransas and understand the importance of tourism, having people that love and enjoy the outdoors come to our community and surrounding communities.

I would appreciate your favorable consideration of my request.

Very truly yours,

Kimberly Zahn-Winton
